

How to save the Jeanne Sauvé website to your iPhone

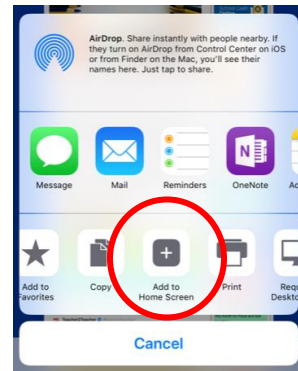

Step 1 – Go to our website online.

- Using the browser of your choice, go to: jeannesauve.dsn.org
- Press enter, and you should now be on the main school website.

Step 2 – Upload the button.

- Tap the upload button and a pop-up menu will appear.
- Scroll across until you see the “add to home screen” button.
- Tap the button.

Step 3 – Add the button.

- If you wish to rename the button, tap the “x” to erase the existing text, and enter desired text such as “JSV”.
- Tap “Add” and then the button will appear as an icon on your phone (similar to what an app looks like).
